1. Message from the CEO:

As we reflect on 2022, DOZ continues to stand firm in its mission to serve the most vulnerable populations in conflict-affected regions, despite the significant challenges posed by the ongoing crisis in Syria. This year has been one of resilience, innovation, and collaboration as we adapted to shifting needs and evolving circumstances. We have seen firsthand how communities in Syria continue to persevere and rebuild, and we remain steadfast in our commitment to supporting these efforts.

Throughout the year, our teams on the ground worked tirelessly to provide essential services, protect vulnerable populations, and create opportunities for community empowerment. Our projects reached over 20,000 individuals across Syria, including women, children, youth, IDPs, and marginalized communities. Despite difficult circumstances, including the continued impact of COVID-19, the aftermath of the Syrian conflict, and the emergence of public health crises such as cholera, our work has continued to make a meaningful difference in people's lives.

Looking ahead to 2023, we remain committed to scaling up our efforts and expanding our reach. We will continue focusing on key areas such as vocational training, protection services, peacebuilding, and livelihood support to create lasting positive change. I am incredibly proud of what we have achieved in 2022, and I am optimistic about the future as we move forward with renewed energy and purpose.

2. About Doz NGO Syria:

Vision

DOZ envisions a world where communities are stable, secure, and thriving, where every individual, including refugees, internally displaced persons (IDPs), and marginalized groups, has the opportunity to live with dignity and hope. Our goal is to foster inclusive societies where resilience, prosperity, and social cohesion empower people to build a better future together.

Mission

Our mission is to invest in humanity by delivering sustainable development solutions, providing humanitarian aid, and strengthening local civil society. Through inclusive empowerment, we ensure that no one is left behind, fostering long-term stability and opportunity for all. We are committed to supporting those most affected by conflict and displacement, focusing on vulnerable populations such as women, children, youth, IDPs, and refugees.

Organizational Overview

Doz NGO Syria was founded in Syria in 2011 by a group of university students in response to the growing humanitarian crisis caused by conflict and displacement. What started as a community-led initiative has evolved into a professional, multi-sectoral organization that operates across Syria focusing on protection, livelihoods, social cohesion, and humanitarian response.

Some of Doz Syria activists who left Syria to Germany, established DOZ e.V. Germany as a diaspora Syrian-led NGO registered since 2014 to support Doz NGO Syria and other local partners in Syria

therefore Doz NGO Syria with support from DOZ e.V. Germany maintained sustainability, effectiveness, and transparency and therefore, Doz NGO Syria adheres to international standards of financial transparency and accountability, ensuring that funds are used effectively to meet the needs of the most vulnerable populations. That is why Doz NGO Syria as a local NGO was greatly supported by DOZ e.V. Germany over years since 2014 and this helped us develop our NGO in Syria greatly in terms of reach, access, and sustainability.

Our work is guided by the principles of inclusivity, sustainability, and human dignity. In 2022, we continued to work with trusted international partners and donors, and our dedicated staff and volunteers on the ground have been instrumental in achieving our shared goals.

Work Sectors:

1. Protection:

DOZ's protection programs safeguard vulnerable groups, particularly children, women, and persons with disabilities, from violence, abuse, and exploitation. We provide safe spaces, case management, and community-based protection mechanisms that empower communities to protect themselves.

2. Livelihoods & Food Security:

Through vocational training, microfinance, and market integration, DOZ helps vulnerable populations achieve economic self-reliance. We work with smallholder farmers, livestock owners, and women and youth to enhance food security and promote sustainable livelihoods.

3. Health:

DOZ provides essential healthcare services, with a strong focus on mental health and psychosocial support. Our health programs address both immediate and long-term health needs, with a particular emphasis on maternal and child health in crisis-affected areas.

4. Peacebuilding and Social Cohesion:

DOZ's peacebuilding initiatives foster community dialogue, promote interfaith harmony, and combat violent extremism through youth and women-led initiatives. We believe in the power of local communities to drive sustainable peace and democratic governance.

5. Water, Sanitation, and Hygiene (WASH):

DOZ ensures access to clean water and sanitation services through infrastructure development and hygiene promotion, particularly in areas affected by displacement.

3. Highlights of 2022

- **Vocational Training in Raqqa:** DOZ successfully launched three vocational training centers in 2022, benefiting over 500 youth. These centers provided training in various skills, including electrical wiring, hairdressing, and mobile phone maintenance. The training sessions also offered participants the opportunity to receive small grants to start their own businesses, fostering self-reliance and economic empowerment.

- **Livestock Support in Hasaka:** The "Urgent Support for Livestock Owners and Farmers" project in rural Hasaka successfully vaccinated over 2,000 livestock, improving both animal health and local farming practices. Additionally, artificial insemination was utilized to enhance livestock reproduction rates, contributing to long-term agricultural sustainability.
- **Protection Services in Raqqa:** The Darna Al-Aman project provided protection and empowerment services to 8,932 individuals, including safe spaces for women and children, case management services, and psychosocial support. The project also raised awareness about rights and protection issues through community outreach and radio campaigns.
- **Accountability and Community Engagement:** The Boosting Accountability to Children and Communities project increased community participation in decision-making processes. DOZ conducted focus group discussions, distributed information about feedback channels, and conducted staff workshops to improve transparency and accountability.

Significant Milestones

- **Expansion of Livelihood Programs:** The vocational training programs in Raqqa were expanded in 2022, providing essential skills and resources to vulnerable youth and contributing to local economic recovery.
- **Strengthened PSEA Measures:** The Protection Against Sexual Exploitation and Abuse (PSEA) project reached significant milestones in 2022, including the provision of training to staff and the establishment of feedback mechanisms for survivors. This helped improve community safety and trust in DOZ's operations.
